CONCERT

TICKET REMINDERS

PRESALE TICKETS END 2 DAYS BEFORE THE CONCERT

This allows time for teachers to distribute tickets during class.

TICKETS AT THE DOOR ARE CASHLESS

As Franklin has always been a no-cash school, all tickets purchased at the door must be paid for electronically (card or mobile payment).

NO DISCOUNTS OR FREE TICKETS

for children/babies, elders, veterans, disabled individuals, or students for our concerts.

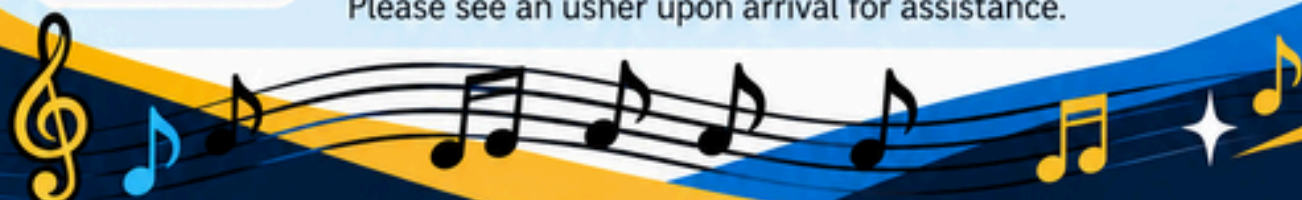

Our concerts are our **MAIN WAY** to financially support our arts programs.

ACCESSIBLE SEATING:

Wheelchair-accessible seating is available in the designated accessible area at the rear of the audience seating section. This area provides ample space for wheelchairs and companion seating while maintaining clear and safe access to aisles and exits. Please see an usher upon arrival for assistance.

DIY ACOUSTIC PANELS PROJECT

Tri-M Music Honor Society

PURPOSE

Joint effort between Tri-M members and other organization members to create a sound absorption layer for the back wall of the stage and 3rd floor track walls. This will allow for more clarity of stage performances and athletic events and instruction.

WHO CAN PARTICIPATE?

ALL GRADES 6-12
(Tri-M members and other organizations)

PARENTS
(Volunteer hours!)

ANYONE CAN HELP
Support better sound at school!

REQUIREMENTS & INCENTIVES

- ✓ Each Tri-M member must do at least one panel for an **honor point** and will receive one community service hour for each panel brought in.
- ✓ Other organizations are encouraged to do the same!
- ✓ Parents may complete panels as well for volunteer hours – one hour per panel.
- ✓ All submissions must be brought in to Mr. Saenz for inspection and logging of hours.
- ✓ Write your full **name on the back** and bring to room G204 (band room).

MATERIALS NEEDED

Canvas (24" x 36") Must be canvas, NOT foam board or cardboard. Can be purchased in black or sprayed with matte black spray paint.	Matte Black Spray Paint (Any brand works – must be matte, not glossy.)	6 Foam Acoustic Squares (1" x 12" x 12") You need at least 6 squares to fit on each panel. They must be 1 inch thick and 12" x 12" size.	Spray Adhesive (Any brand works.)
--	--	--	---

HOW TO MAKE A PANEL

- 1 SPRAY PAINT THE CANVAS**
(2-3 thin coats, let cure 48-72 hrs)
- 2 DRY-FIT THE FOAM SQUARES**
(2 x 3 layout, alternate directions)
- 3 APPLY SPRAY ADHESIVE**
(spray both surfaces and let get tacky)
- 4 ATTACH THE FOAM SQUARES**
(press firmly, 15-20 seconds)
- 5 LET IT CURE**
(24 hours, then bring it in!)

SCAN ME FOR INSTRUCTIONS!
